

F-TOP INSTITUTE

Learning from the Best Performing Companies

Learning Nugget - Onboarding

Live 2-hour inspirational online session

Time to focus on "what moves the needle most" in onboarding. This is one out of 16 Learning Nuggets. A 2-hour inspirational session where we present "Best practice in people management" through pitfalls, best practice, metric & target ranges and business cases.

Our Learning Nuggets represent the most significant and value creating best practice in people management. The Nuggets are developed by analysing more than 1500 companies worldwide, every year, and are based on more than 350 metrics and 4000 activities including business cases. Get the most important and valuable knowledge about how the top performers are performing people management. In every process there are only a handful of things which make the significant difference. This knowledge we gather every year and package for our clients. Each Nugget consists of a 2-hour session where we present, interpret, and discuss the significant top performer practice.

Content

Pitfalls

We share the 10 major pitfalls financially top performing companies avoid but many others falling into (anonymous voting during the Nugget regarding own organization).

Best Practice

The most significant practice is portrayed, and questions answered like (examples):

Best Practice

The most significant practice is portrayed, and questions answered like (examples):

- How do top performing companies identify "recruiting errors" in time?
- What can I do to bring new hires up to speed fast?
- What are the most effective approaches to engaging new hires and avoiding regretted losses early on?
- What are the essential elements of the stay-or-go decision at the end of the probation/trial period?
- How do top performing companies leverage insights gathered during the recruiting process for bringing new hires up to speed?
- What are the success criteria of onboarding in mostly or exclusively virtual approaches?

Metric and target ranges

We give you the most important metrics to keep track on (going from old-world reporting to high value metrics) including the target ranges most successful organizations reach.

Business cases

We show why impact and top line focus is even in special times more important than pure cost focus. You will get to know the financial impact the process has on the business.
